

Montagna Symposium on the Biology of Skin

Society for Investigative Dermatology

Eugene M. Farber Travel Awards for Young Investigators

Japanese Society for Investigative Dermatology

Travel Awards for Young Investigators

2014

FARBER AWARDEE

Nicole K. Brogden, PharmD, PhD

Associate
Division of Pharmaceutics
University of Iowa
"Age-related variability in skin analytes: A novel means to identify treatment targets in elderly patients with dermatologic conditions?"

FARBER AWARDEE

Marco Demaria, PhD

Postdoctoral Fellow
Buck Institute for Research on Aging
"Senescent cells promote optimal wound healing through the secretion of PDGF-AA"

FARBER AWARDEE

Vyacheslav Labunskyy, PhD

Assistant Professor
Department of Dermatology
Boston University School of Medicine
"Translational regulation by the unfolded protein response and its role in aging"

FARBER AWARDEE

George Man

BS Candidate
University of California, Berkeley
"Topical hesperidin enhances epidermal function in an aged murine model"

FARBER AWARDEE

Michael C. Velarde, PhD

Postdoctoral Fellow
Buck Institute for Research on Aging
"Mitochondrial dysfunction induces cellular senescence in K14+ epidermal stem cells and promotes beneficial and detrimental effects depending on age"

JSID AWARDEE

Hideo Kudo, MD, PhD

Department of Dermatology
Kumamoto University/
Pharmaceuticals Medical Devices
Agency, Japan
"Decreased IL-20 expression in scleroderma skin contributes to cutaneous fibrosis"
